Customer convenience is our services

WAREHOUSING, STOREAGES & TRASPORTATION

Who We Are?

S S Clutch Mfg. Pvt. Ltd. is one of the fastest-growing auto parts exporting company based in Mumbai, India, serving the needs of almost 40 countries around the world. Incorporated in the year 1965 by the endeavors of Mr. Pritam Singh, the early days of the company were quite modest compared to its present. Since then, under the guidance of Mr. Dilprit Singh, Managing Director & Mr. Hardeep Singh, Director, S. S. Clutch has diversified into other auto parts sector which started in the local market in the name of S. S. Enterprises. We are also the suppliers of major manufacturers for their complete range of products in India and around the world. We are active members of renowned organizations like EEPC (Engineering Export Promotion Council) and BMMA (Bombay Motor Merchants' Association). Today, we are one of the well-established company committed to excellence not only in India, but globally.

Expert Removals & Storage Services has established as a sister company of S S Clutch Mfg. Pvt. Ltd. 2020 with a team of experts in this field under the direction of Mr. Hardeep Singh, Chief Executive Officer who has strong experience in the automotive industry.

We are located at the outskirts of the Western Suburb of Dahisar, Mumbai, and two minutes walking distance from the Western Express Highway. It is very near and easy access from Western Express Highway on the junctions of road from Mumbai and Thane connecting Western express highway.

Based on our parent company's history, we have cutting-edge infrastructure with an available space of over 50k square feet ideal for warehouses.

We are committed to excellence and have extensive experience in dealing with both local and international markets, which enables us to provide client-centric professional services that are focused on their needs. The expertise of Expert Removals & Storage makes it unmatched in the region for its competence, quality and leadership.

Corporate Vision

At Expert Removals & Storage, we strive to provide logistical services and affordable single-window warehouses. We strive to be the most successful logistics and transportation company in the regional industry and to continually improve our marketing, by offering competitive rates in conjunction with superior service, optimal use of available resources, innovation and cost saving initiatives.

Vision

Warehousing

Our services are all in-house, covering a broad spectrum of

- 1 Storage of all non-perishable commodities professionally following all international norms to maintain such facility.
- 2 Temperature regulated warehousing commodities that need to be kept under a certain temperature.
- 3 Open storage facility for items that can be in the open or under cover spaces, such as building materials and vehicles, etc.
- 4 Professional storages of the households, personal effects, office equipment and furniture, etc.
- 5 Record storage of documents which is mandatory to be kept by offices, banks and financial institutions, etc. for a certain period.
- 6 Storage and managing the commodities of E-commerce companies.
- 7 Packing services and Logistics support for domestic & International.

We offer our services for short term as well as long term warehousing / storage facilities ranging from per day basis to per annum basis. Our customers benefit from a keen combination of warehousing, logistics and forwarding services, including a clear, fast, and flexible execution achieved by simplifying the process chain and minimizing the number of involved parties. Our flexible multi-user warehouses offer cost-effective terms and efficient use of storage capacity, even for complex applications such as dedicated warehouses. We provide service to all company sizes and offer optimum solutions for everything from simple storage to high-rise warehouses. With us, your goods/documents will be in the right hands. Our personalized logistical concepts will increase your productivity and efficiency. Our warehouse has always been closely monitored to implement state-of-the-art solutions and apply high standards of safety and quality.

Transportation

Today, transport systems are essential to the growing demand for goods traffic. As a result, is a basic specialty of Expert Removals & Storage, the sole expert on heavy to very heavy duty vehicles for moving products.
